LB612, 610

PRESIDENT: Chair recognizes Senator Mahoney.

SENATOR MAHONEY: Mr. President on the new bill that we presented this morning and if there is argument I will be willing to sit in my seat and forget it, but I believe that because of the danger that we saw and of the devastation that we saw every place a that if we could ask for consent to move LB612 over to E & R for initial review and of course then on Select File then we have an opportunity to know then what the problem is in this devastation area it would give us an opportunity either to have a report from the Governor and the experts and find out exactly what the costs will be or what kind of help that the Legislature can do. I would ask that the Legislature take LB612 and to place it in position to E & R for review so that on Select File we could completely debate it at that time as to the catastrophe that happened in Omaha last evening.

PRESIDENT: Any discussion? Chair recognizes Senator Marvel.

SENATOR MARVEL: I would like to talk on the previous issue Mr. President.

PRESIDENT: Senator Marvel there is a motion for adjournment, I ask that we would consider this at this time and then we can decide whether we adjourn or whether we don't.

SENATOR MARVEL: OK, but I want some opportunity to respond to the innuendos that Senator Frank Lewis has put forth.

PRESIDENT: Chair will recognize you immediately after the disposition of LB612.

SENATOR MARVEL: In fairness that I at least ought to be able to respond and if he didn't mean what he said then he will have a chance to answer me.

PRESIDENT: Senator Mahoney, have you completed? What is the motion Senator Mahoney?

SENATOR MAHONEY: To advance 612 to E & R for initial review.

PRESIDENT: Chair recognizes Senator Simpson.

SENATOR SIMPSON: The only issue that I would bring up is that we have two motions before the house to advance 610 to advance 612, I would hope that we would back off 610 and go on 612, which I'm willing to vote for, I'm not willing to vote for 610 at this time. Well we haven't taken that one up officially. But we can't have two and I would hope that Senator Duis would withdraw his motion.

PRESIDENT: Chair recognizes Senator Duis.

SENATOR DUIS: Mr. President, but not in view of Senator Lewis' remarks about a deal being made. I have nothing to do with any part of that and if he thinks that he has
